Application Merck Innovation Cup

Dear selection committee,

Hello,

I am writing in regards to the Data Center Planning Engineer (Remote) position that I saw posted on Indeed.com. I believe that I would be the perfect candidate for this role, as I have a strong background in project management and coordinating decisions across multiple teams.

I am detail oriented and have excellent written and verbal communication skills, which would be essential in this role. I am also capable of working on multiple projects at a time and have a customer-focused attitude.

I would love to have the opportunity to bring my skills and experience to CrowdStrike and help stop breaches. I am confident that I can be an asset to your team and contribute to the success of your company.

Thank you for your time and consideration.

Sincerely, [Your Name]

Sincerely,

Mark Zurbruegg
